--	--

A nonresident must obtain either a 3-Day or Season Nonresident Snowmobile Registration. This form is for a nonresident to use to obtain a snowmobile registration from the Augusta Fisheries & Wildlife Office. (We no longer have a 10-Day registration)
3-Day - NO EXCHANGES ALLOWED

A 3-Day registration will be valid for 3 consecutive days from the Effective Date written on your registration at the time of issue. A 3-Day without an effective date is not considered a valid registration. Be sure to complete the Effective Date area on the application or your registration process will be delayed.

Season Registration - Valid from the date of issue until the following June 30.

\$5.00 Transfer Registration (only on nonresident season registrations) Fee includes \$1.00 Agent Fee.

If a nonresident trades or sells a snowmobile covered by a current Maine nonresident season registration and buys a new machine, the new machine can be registered for a \$5.00 transfer fee. The transfer registration can be obtained by placing a check in the \$5.00 transfer box on the front of this form, writing the number of the current registration sticker on the Old Sticker Number Line, and filling out the rest of the application completely. Return the application, a check for \$5.00, the old registration, and the old registration stickers to the address on front for processing. **If the old registration and old registration stickers are not received with the application, the applicant will be required to pay the full registration fee.**

Registration Number and Display Requirements

Your sticker number is also your registration number. Display only the current registration sticker on both sides of your cowling when operating your machine in Maine. If you had been issued a registration number under the old registration system (such as ME8543B), these numbers must be removed from the machine as they are no longer valid.

Sales Tax

Non residents are no longer required to pay Maine sales tax on machines purchased outside of Maine.
